Hello and welcome to the Simpsons' house. Let's see... On the ground floor there is the hall, when you come in, then there is the living room on the left. Next to it, there is the kitchen and then the playroom. They also have a basement downstairs.

Walking up the stairs you come to the first floor and then you find the parents' bedroom on the left. They have a small bathroom. Next to it is Bart's bedroom, then Lisa's bedroom. There is a big bathroom just next to Lisa's bedroom and Maggie, the little sister's bedroom, is opposite Bart's bedroom. So there are four bedrooms in all.
